Amarinth delivers Pumps to West Qurna-2

25th August 2022 in Iraq Oil & Gas News

By John Lee.

UK-based **Amarinth** has reportedly delivered pumps worth £1.2 million to the **West Qurna-2** expansion project.

According to *World Pumps*, the first order was from Italy's **Cannon Artes**, and was for seven super duplex API 610 OH1 pumps.

The second order, from **SICIM** (also from Italy), was for three super duplex API 610 OH3 vertical in-line pumps for produced water treatment.
