Amarinth expands in India

08 November 2010

Amarinth, the centrifugal pump manufacturer, has signed Padmasri Engineers as its agent in India and secured a US\$300 000 contract from Larsen & Toubro.

Padmasri Engineers will act as a sales representative for [Amarinth's](#) high specification pumps primarily into the Indian oil and gas industry.

The new relationship has already secured a US\$300 000 order from Larsen & Toubro for four API 610 A-Series pumps for demanding applications.
